EXPLANATION

ENTRY NUMBER. Documents are referred to by entry numbers in the index to this Check List. Entry numbers do not appear on the documents and should not be used in citations.

LANGUAGE OF ISSUE. The language editions in which a document is issued are indicated as English (E), Spanish (S), Russian (R), Chinese (C), or bilingual English-French (E&F) texts.

DOCUMENT SYMBOL AND SHORT TITLE. The official document symbol number precedes the title entry. This symbol should be used in citing documents. In the case of publications without document symbol numbers, titles should be cited together with the session number, issue number, supplement number, and volume number, whichever is included in the entry. Title entries have been standardized and shortened or expanded in order to clarify the meaning of the titles and the authorship of the documents, so the entries do not always conform literally to the actual documentary titles. The collation shows the pagination of the English or bilingual English-French text only. The date appearing on each document below the document symbol number is usually the date of registration of the documentary text with the Bureau of Documents for publication and translation and should be the same in all language texts. The date of registration closes each entry. Corrigenda and revisions usually are grouped with the parent document in the same entry. Corrigenda are corrections of errors in the text, title, date, classification of documents, emendations of the translation, or additions of omitted text. Addenda include supplementary material, such as annexes, tables, and other additional communications. Revisions are texts revised through formal amendment, or new editions prepared by the submitting delegation or by the Secretariat.

REPUBLICATION NOTES indicate the republication of whole documents in other documents or in the Official Records. In the case of resolutions only their republication in collected sets is indicated, in the case of draft resolutions no attempt is made to note the inclusion of their texts in the verbatim records of meetings.

RESTRICTED Documents of "restricted distribution" are indicated in this Check List by a black dot (•) before the symbol.

INTRODUCTORY NOTES give a short parliamentary history of the Commission and describe briefly each Committee session by session, including the date of its appointment, citing its terms of reference, naming its members and officers, listing its reports and document series symbol (if any), and tabulating its meeting records. The plenary meetings are shown in tables for each session. The tables indicate both published and unpublished meeting records and related press releases. Since drafts for the published meeting records should be deposited as a matter of course in the Archives of the United Nations, the tables under the heading "Archives" show only the unpublished manuscript records deposited in the Archives ("TPV"; "TSR") and the sound recordings ("X").

Establishment and Composition

The Economic Commission for Latin America, one of the Regional Economic Commissions of the Economic and Social Council, was established by the Economic and Social Council, Resolution 106 (VI) of 25 February 1948, amended on 5 March 1948, in document E/712/Rev.1 (See Check List Part 5: No. 2, entry 191), this resolution being based on the recommendations of General Assembly Resolutions 119 (II) and 120 (II), 31 Oct 1947, draft resolutions 2 and 3 in document A/433. Terms of reference: In Economic and Social Council Resolution 106 (VI). (See also document E/735, Check List Part 5: No. 2, entry 217, E/840 (Annex 1), entry 502 and document E/CN.12/158/Rev.1-joint symbol E/1330/Rev.1, entry 257 in Check List of the Commission). The geographical scope of the Commission's work as delineated in Resolution 106 (VI) is the twenty Latin American States Members of the United Nations, participating territories in Central and South America which have frontiers adjoining any of these states, and participating territories in the Caribbean area. Membership shall be open to Members of the United Nations in North, Central and South America and in the Caribbean area, to France, the Netherlands and the United Kingdom. Any Member of the United Nations not a member of the Commission may be invited to participate in a consultative capacity in the consideration of any matter that is of particular concern to that non-member. The above resolution also entitles representatives of associate members and of specialized agencies to participate without vote. Associate members may participate in all meetings of the Commission, whether sitting as full Commission or Committee of the Whole. They may be appointed as members of committees and subordinate bodies set by the Commission and are eligible to hold office. Specialized agencies may participate in deliberations with respect to items of the agenda relating to matters within the scope of their activities. Observers from inter-governmental organizations may be invited to attend.

It is further provided that the Commission take necessary measures to co-ordinate its activities with the appropriate organs of the Inter-American System and the Caribbean Commission to avoid duplication of effort. The Pan-American Union shall be invited to nominate a representative to attend in a consultative capacity.

4 Inter-American Economic and Social Council

Close relations were established between the Economic Commission for Latin America and the Inter-American Economic and Social Council, in accordance with the terms of reference of the Commission and the resolutions of session I, 23 June 1948 (See document E/840, Annex III, entry 89) and session II, 13 June 1949 in document E/CN.12/153, entry 252 (See also documents E/CN.12/120, E/CN.12/158/Rev.1, entries 219 and 257).

Representatives from the Inter-American Economic and Social Council attended and participated in the plenary meetings of sessions I and II of the Commission, as well as meetings of the committees that were established. The Committee on Co-ordination (of session I) studied thoroughly the question of co-ordination between the two bodies. See entries 171 and 173 and documents of that committee in symbol series E/CN.12/AC.2, entries 172:1-8, 174a, 174b.

Carribbean Commission

The Committee on Rules of Procedure of the Economic Commission for Latin America in its report on rules of procedure noted that the provisions relating to the Inter-American Economic and Social Council in Rules 6, 7, 8, 9, 45, 46 and 47 would also apply to the Caribbean Commission if and when the Economic Commission for Latin America co-ordinates its activities with that body, and subject to any arrangements made between the two Commissions (document E/CN.12/AC.3/1, entry 176).

During the period between sessions I and II communications between the two bodies were established. The Executive Secretary and the Secretary General of the Caribbean Commission exchanged information and documents on problems of common interest so that the work of each organization may be currently known to the other. See documents E/CN.12/80, joint symbol E/1099, and E/CN.12/158/Rev.1, joint symbol E/1330/Rev.1, entries 179 and 257. (See also document E/CN.12/53 which was discussed in the 8th meeting of the Committee on Co-ordination, entry 172:8).

Consultants from Non-Governmental Organizations

The terms of reference of the Commission provide that non-governmental organizations which have been granted consultative status by the Economic and Social Council and observers from inter-governmental agencies may be invited to attend, in accordance with the practices of the Council. (Economic and Social Council Resolution 106 (VI), document E/712/Rev.1, Check List Part 5: No. 2, entry 191.) Accordingly consultants from the following non-governmental organizations participated in the second session, both in plenary meetings of the Commission and meetings of its committees: In Category A: American Federation of Labor, World Federation of Trade Unions and World Federation of United Nations Associations; in Category B: National Association of Manufacturers (U.S.A.). The Pan American Sanitary Bureau was also represented in session II.

7

Executive Secretary

The Executive Secretary of the Commission acts on behalf of the Secretary-General of the United Nations who provides the staff required by him. The Executive Secretary or his representatives act in that capacity at all meetings of the Commission and of its sub-committees, and other subsidiary bodies. During the first session the Acting Executive Secretary was Mr. H. E. Caustin. During the second session Mr. Martinez Cabañas was Executive Secretary. Mr. E. Castillo was Deputy Executive Secretary for sessions I and II.

Rules of Procedure

The terms of reference set by the Economic and Social Council state that the Commission "shall adopt its own rules of procedure" (document E/712/Rev.1, See Check List Part 5:No. 2, entry 191). Accordingly the Commission at the 14th meeting of its first session in Santiago on 23 June 1948 adopted the rules of procedure submitted by the Committee on Rules of Procedure in document E/CN.12/AC.3/1, Annex I, entry 176, based on the provisional rules (document E/CN.12/2, entry 12) prepared by the Secretariat following in large measure the Rules of Procedure of the Economic Commission for Asia and the Far East (as adopted in Shanghai on 20 June 1947 - document E/CN.11/2/Rev.1, See ECAFE Check List entry 23). They were amended at the 8th meeting of the second session, 13 June 1949 (documents E/CN.12/123, E/CN.12/124, E/CN.12/137, entries 222,223,236).

The text of the rules is also in documents E/840 and E/CN.12/92, entries 89 and 191.

9

Documents are indexed by the entry numbers in the Check List.

Discussions are indexed by the entry numbers of the tables of the meeting records and, following the colon (:), by meeting numbers.

Resolutions passed during each session are collected in the sessional reports. The index refers to both individually issued and collected resolutions. The entries of this Check List assigned to the reports list the resolutions of each session by subjects.

Thus the following entry in the Subject-Index:

Tourist trade 302; discussion 178:8; RESOLUTION 253,257

is to be interpreted: Tourist trade is treated in document E/CN.12/AC.4/W.5/Rev. 1, entry 302. One of the meetings in which this subject was discussed will be found in the table of meetings of the second session of the Commission in entry 178, where the 8th meeting is shown to have taken place 13 June 1949. A resolution on this subject was adopted by the Commission at the 8th meeting, 13 June 1949, and was issued as document E/CN.12/154, entry 253, and republished in the collection of resolutions of the second session in the sessional and annual report for 1949, document E/CN.12/158/Rev. 1, entry 257 (joint symbol E/1330/Rev. 1).

Introductory notes are indexed also by entry numbers.
